## Attendance Policy

At the WUTC we fully believe that a students' attendance and punctuality every day is of vital importance to ensure they secure a good education and take advantage of all learning opportunities available to them.

We also believe that making attendance and punctuality high profile, students will have the necessary skills for their future life and work place.

All staff and Governors, as well as our employer and academic partners recognise that attendance is the key to achievement for students and that irregular attendance can lead to educational disadvantage.

To that end please find attached the WUTC Attendance Policy recently updated and ratified by our Governing Body.

If you have any questions regarding this matter, please do not hesitate to contact me.
